Moving their beds and clothing of the boys preferred to leave beds intact, therefore they it necessary to help each other. They carried only a part each. Wheelbarrows were used to move the large trunks and suitcases.

Classes, that are held in the gymnasium, are now being met. For the past two weeks the classes have been postponed, due to the fact that the gymnasium was used as a place of residence for A. students.

Wales Says Inflation Will Not Hurt Farmers

Hugh Wales, chairman of the board of commerce and business administration, emphatically in his address, "Farm Problem," given at the Men's Forum, said, "Inflation does not help the farmer because everything he buys goes up in price also."

Wales said, "During the World War there was an increase in farm prices and many borrowed to buy land. After the war they faced a depression. Agricultural products dropped 6 per cent in 1919, 80 per cent in production, agricultural products dropped 90 per cent in price but only 6 per cent in production. In other words, the farmer does not cut down on production when prices drop. The result is that prices decrease still more."

Cozine Leaves Joseph Hospital

June Cozine, member of the economics department at the college who was injured in an automobile accident a month ago, has been removed from a St. Joseph hospital to her home at Dearborn, Mo., as announced this week.

Although Miss Cozine's condition is satisfactory, she will not be able to return to the college for some time. The roof of her mouth, which was fractured, will remain in a cast at least two weeks.

Students Leave Instructors Teaching Lessons at Sound of Bugle

Fast Moving Activities Feature Annual Surprise 'Walkout Day'

Nine hundred and twenty-five students of the college rushed from their 8 o'clock classes last Tuesday morning at the sound of the bugle, leaving their instructors only started on the lesson. The occasion was the annual surprise student "walkout day."

Leaving textbooks and classroom worries behind, the entire student body devoted the day to such activities as freshmen initiation, a march to the business district, games, a picnic lunch at the College park, a special program at the Missouri theatre, and a "no-date" dance Tuesday evening in the west library.

All freshmen students, wearing the traditional green caps, were business district and back to the business district and back to the College park where ball games were played until lunch time.

Play Baseball

The faculty women played against the freshmen women, winning by a score of 13 to 9. The battery for the faculty was Marianna Obermiller Jackson and Virginia Gibson, St. Joseph. Members of the team were Dr. Margaret Ruth Smith, Miss Miriam Waggoner, Miss Wincie An Carruth and Miss Day Weems, assisted by upperclass women. The freshmen battery was Catherine Ritter and Shisler.

In the men's games, the first game was played between the "M" club and the freshmen. Laseley and Adams were the freshmen battery and Reital and Kurtright, the "M" club battery. The "M" club won, 6 to 0 with Hackett and Goslee getting home runs.

Following this game, the winning "M" club played the Junior class team, with the score 8 to 1 in their favor when the game was called on account of dinner.

The men's games were umpired by Virgil Woodside and the women's by Andy Campbell.

Picnic Lunch

A picnic lunch which required fifty minutes for serving, a walkout day record, was served in the College Park to the faculty and students. The students then returned to town to the Missouri theatre for the stage show that was presented by the freshmen.

Henry Swift, Grant City, acted as master of ceremonies and Mary Turner, Pattonsburg, as mistress of ceremonies. The show was opened with "Wabash Blues," played by an impromptu freshmen orchestra composed of Kenneth Tebow, Maryville; piano, Lloyd Storey, Chillicothe, drums; Tracy Lancaster, Maryville, trumpet; Dick Moyer, Harrisburg, Pa., clarinet; Verlin Powers, Maryville, Saxophone; Thomas Boyd, Forest City, trombone; Henry Swift, clarinet. The latter two players were both upperclassmen.

Special Acts

Miss Day Weems, physical education department, and Mr. John W. Geiger, music department, modeled freshmen of the 1890 era and sang "Down by the Old Mill Stream" with dramatic interpretation.

Art Smith sang "Dina" and was followed by Pete Calfee who gave an acrobatic number. This was followed by a chorus girl scene with Ermin Bird, Bob Stephenson, John Campbell, and Fred Brockelman as the chorus girls. The boys gave a collective and then individual interpretation. (Continued on page 8)

Filipino Student Comes to College From Rice Plantation Near Japan

Says He Came to America to Satisfy a Desire to Travel

By Glenn S. Hensley

Jose Nilo Ramos of Gapan, Nueva Ecija, Philippine Islands, is a student in this college this quarter. Ramos, a senior, plans to major in business administration.

Jose comes from a farm, in fact, a rice plantation, which is located approximately 90 miles north of Manila. He said the only machinery used in the rice harvest is an American-made threshing machine. The tenant system of farming furnishes an ample supply of labor.

Ramos arrived in San Francisco last September 1, and continued his trip to Maryville by bus, following the southern route. This was Ramos' first trip to the United States.

So far, he says the country and its people suit him well enough. When asked why he chose this college to attend he said, "I guess it is just my desire to travel that brought me here, and then as you know, Virginia Benitez is my cousin. Don't you think that is reason enough?"

Ramos said the Philippine Islands were not extremely worried over the Japanese-Chinese war, for as he said, no matter which nation won the war, Japan would be considerably weakened. Their only real danger lies in Japan he said.

At present, Ramos does not know whether he will remain in this country after his graduation in the spring or whether he will return to his home.

Three Maryvillians To Teach Schools

Miss Jean Montgomery, Mrs. Mildred Eckert Wallace and Miss Eudora Smith, all of Maryville and graduates of the College, left the first of the month to teach at Marysville, Albany, and Sacramento, Calif., high schools, respectively. Miss Montgomery will resume the teaching of biology and social science in the Marysville school, having taught there last year.

Mrs. Wallace, class of 1923, went to Albany to replace Mrs. Aletha Applegate, a student in the College this past summer, who has been granted a year's leave of absence to complete the work for the M. A. degree.

Miss Eudora Smith is instructor of physical education at the Grant high school in Sacramento, Calif.

College Debate Team Attracts 20 Students

Squad to Discuss National Phi Kappa Delta Questions

At the first meeting of the College debate squad Monday twenty men and women signified their intention of taking part in intercollegiate debate for the coming year.

The Phi Kappa Delta, national honorary speech fraternity, debate question for the year is: Resolved that the United States Should Cease to Use Public Money (including credit) for the purpose of Stimulating Business. This question will be used by local debate teams.

Those present at Monday's meeting were Kenneth Harper of Fort Morgan, Colo.; Harold Bruggemann, Maryville; Stuart Queen, St. Louis; Betty Jane Hatfield, Maryville; Jean Schneider, Stanberry; Eugene McLeary, Stanberry; Edgar Abbott, Union Star; Margaret Lyle, Graham; Kenneth Spahn, Villisca, Ia.; Helen Estep, Union Star; Lucille Nelson, Hatfield; Mary Ann Busby, Maryville; Mary Frances McCaffrey, Maryville; George Etta Halney, Barnard; Lurline Stevens, Allendale; James Hitchcock, Clarinda; Betty Dix, Booneville, Virginia; Garretson, Booneville; Fred Davidson, Barnard and Frank Strong, Maryville.

Another meeting of the squad will be held Friday afternoon, October 7, at 4 o'clock, in room 400. All those interested in College debating who did not attend the last meeting are urged to be present as well as those who attended the previous meeting.

Creative Expression Displayed at Art Club

Considerable ability in creative expression in graphic art was shown at the first meeting of the Art Club, Monday evening, October 3. The meeting was held in the Fine Arts room.

Each member present was given a long strip of paper and a colored crayon with which to draw some object or scene at the top of the paper. The strip was then passed to another person who gave the picture a title, folded the picture down and passed the paper on to another artist.

Each succeeding artist drew a picture of something he or she thought related to the last previous title. By this process a number of rather humorous titles and sketches appeared. At the close of the meeting the panels of pictures were exhibited and are now on display on the fourth floor.

Those present at the meeting included Leni Alano, P. I., Elizabeth Wilson, Traverse City, Michigan; Virginia Page, Bedford, Iowa; Ruby Goldner, Kellerton, Iowa; Robert Turner, Pattonsburg; Elizabeth Matheny, Westboro; Crystal Cooper, Sheridan; Bernice Bristol, Ocie Rhoades, Marjory Fisher, Helen J. Reed, Lorraine Long, Maryville; Janice Dougan, Fairfax; Edna Cottrell, Gilman City.

Bus to Transport Students to Hear Mrs. Roosevelt

Students in the College will be given the opportunity to hear Mrs. Franklin Delano Roosevelt, wife of the President of the United States, when she speaks Saturday, Oct. 15, at the auditorium in St. Joseph. It was announced this week by Dr. Margaret Ruth Smith, director of personnel for women.

Reservations are still available in Dr. Smith's office, it was announced. Transportation charges on the College bus and the ticket of admission to the address will total one dollar.

Mrs. Roosevelt will speak on the subject of "Peace." The twenty-five College students will sit together in seats which will be blocked off for the group from here.

The bus will leave Maryville early Saturday afternoon so that students who desire may shop before the address.

Pierpoint Heads New Point Schools

Claude Pierpoint, Maryville, a graduate of the College, was this summer elected superintendent of the New Point high school, to replace A. C. Slipes, who had resigned to accept a superintendency at Robinson, Kas. Mr. Pierpoint has been principal at New Point for the past six years.

Mr. Slipes had also been on the New Point faculty for the past six years. His home is in Graham.

JOSH LEE, United States senator from Oklahoma, who will speak here at 8:15 o'clock next Thursday evening.

Look to Union Of Methodists In Future

Dr. Dildine Goes To St. Louis M. E. Conference

Speaking of the Methodist annual conference which he attended in St. Louis last week, Dr. H. G. Dildine of the social science department said today that much progress was made at the conference toward unification of the three Methodist groups; Methodist church North, Methodist church South, and Methodist Protestant. "The groups were already united in everything but organization," he added.

"The Methodist protestant group separated from the others in 1820, giving as their reason the lack of layman influence in the organization at that time. All they asked for then has been received in the other churches now."

"Since the difference over slavery has been settled, the only real difference left is in the organization itself. Committees now at work have almost completed plans for the unification of the three groups under a single administration, with all Methodist ministers receiving appointments from the same agency."

"No congregation will be coerced. The details of union will be decided by the local groups. The final union will be created by evolution not by dictation."

"Representatives from each group will meet in Kansas City next April to give official approval to the plan of union. The situation is developing so that a year from now the three churches will be under a single administration, and probably the region north of the Missouri river will be a conference by itself."

"The head of the department of music at De Pauw University had an hour each day in which he explained the history of many hymns and showed reasons for omission of some of the older hymns from the new hymnals and explained the condition of acceptance of a new hymn."

A change in our songs shows a great change in the thinking of our church people. We now have a number of new hymns which deal with social attitude. Only one out of over 700 hymns admitted in 1905 were of this sort."

"Another interesting trend which I observed," continued Dr. Dildine, "is the realization on the part of our ministers that they must be better educated. Fifteen of our strongest leaders of the two hundred assembled at the conference are pursuing under faculty members of some of our best colleges."

Newman Club Plans Events At Meeting

William Metz, Wiota, Ia., president of the Newman Club, catholic organization, presided at the first regular meeting of the year at the Newman Club house on Thursday, September 22. Committees were named to make plans for club activities for the present school year.

Paul Strohm, retiring president, gave a short summary of his visit to Washington, D. C., last summer, where he went as a delegate from the local club to attend the National Conference of Newman Clubs.

The following committees were formed: Program committee — Ralph Moyer, Maryville, chairman; Frank Yourek, Virden, Ill., and Betty Adams, St. Joseph.

Social committee — Mary Frances Morrell, Hubbard, Ohio, chairman; Pauline Meyer, Clyde and Dick Dempsey, Kansas City.

House committee — Paul Strohm, Maryville, chairman; Andrew Zembla, St. Joseph, and Kathleen Clark, Maryville.

Courtesy committee — Ana Virginia Benitez, Zamboanga City, P. I., chairman; and Mary Ann Busby and Amelia Strohm of Maryville.

Nelson Eddy Quartet On Next Assembly

Program For Fall Assemblies Are Announced

Next Wednesday, October 12, at 10 o'clock an assembly program will be presented by the Nelson Eddy quartet. The personnel is composed of the following: Silvari—The Argentine baritone; Don Enrice—Dramatic tenor from the La Schalla Opera Company of Milan, Italy.

Baroni—The contralto who for several seasons sang leading roles with the San Carlo Opera Company; Glowacki—Polish dramatic soprano.

The eerie mystery of the desert at nightfall, its exotic brilliance in the relentless sunlight, the pastel loveliness at dawn, the grandeur of its distant vistas, all will be brought to the College at ten o'clock on Wednesday, Oct. 19, by John Claire Monteloh, lecturer and singer from California.

Assembly Schedule
The assembly schedule for the remainder of the quarter is as follows: October 26—Geoffrey O'Hara—Musical.

November 2—Dance Club Program
November 12—Education Week
November 9—Armistice Day

Bronze and Hardwood Plaques Signify National Achievement

Two beautiful bronze and hardwood plaques, such as were shown this week by Beverly McGinness, Graham, president of the Kappa Omicron Phi, professional home economics sorority, tell a story of achievement.

The two plaques were awarded members of the local sorority at the Home Economics Conclave last June.

One plaque is an efficiency award which is given each year to the chapter procuring the most life subscriptions to the "Daffy" sorority publication, and this year was awarded to the Maryville delegation for having added twenty-eight subscriptions to their list. It now becomes the permanent possession of the sorority as they have won it for the third consecutive year.

The other plaque, which is identical in appearance with the first one, was awarded to Beverly McGinness with the distinction of being named the outstanding delegate attending the convention.

Kappa Omicron Phi is a sorority founded in 1922 here at the College by Miss Hettie M. Anthony. She was president of the national organization until 1936, when Mrs. Gladys Crowley, Atlanta, Kan., was named to that position and Miss Anthony

Over 700 Teachers Expected to Attend District Teachers Meet Here Next Thursday and Friday

Campus Will Buzz With Activities At Twenty-Second Annual Conference; Homecoming Dance On Friday Night

Approximately 700 elementary and high school teachers will be assembled on the College campus next week to attend the twenty-first annual meeting of the Northwest Missouri Teachers Association, according to A. H. (Bert) Cooper, secretary of the association. The sessions of the convention will last throughout Thursday and Friday, October 13 and 14.

Presiding at the opening session Thursday morning will be Mr. C. K. Thompson of Pattonsburg, who is president of the association. At 10:50 o'clock Thursday morning Major W. H. Drane Lester, of the Federal Bureau of Investigation, United States department of justice, will address the association on the subject of "Modern Trends in Criminology." Other speakers who will appear on the morning program are Mr. Lloyd W. King, state superintendent of schools, and Mr. W. F. Knox, president of the Missouri State Teachers Association.

Noted Lecturers

Highlights of the program Thursday afternoon will include an address by Mr. Vilhelmur Stefansson, an Arctic explorer and lecturer. He will discuss "New Frontiers of Peace and War." Mr. Stefansson was on the program at a previous teachers association meeting and he has been invited back at popular request. Following him will be an address, "Little School House in the Foot-hills" by Miss Ella Enslow, author and educational lecturer.

The Northwest Missouri District high school orchestra conducted by

who desired to become members of the 1939 Tower staff, twelve were selected last week by Willie Heal, Kansas City editor, and Robert Denton, Richmond, business manager.

Following are the twelve selected: Iola Argo, Skidmore; Virginia Bowen, Frank Strong, Maryville; Robert Darr, Bethany; Dick Dempsey, Barnett Elchenberg, Kansas City; Nelson Denney, Redding, Ia.; June Ernst, Clarinda, Ia.; Evelyn Eurlitt, Mt. Airy, Ia.; Mary Madget, St. Joseph; Rex Steffey, Craig, and Elizabeth Wilson, Traverse City, Mich.

A meeting will be held in the near future and work on the 1939 Tower will be planned with the new staff.

Assembly Is Presented By Music Faculty

The music department of the College presented the assembly, Oct. 5, featuring three of the music department instructors, Misses Catherine Dando, soprano, Allene Fentress, violinist, and Marian J. Kerr, pianist.

The program was as follows: "Agnus Dei" by Bizet, Miss Fentress; "Habanera from Carmen" by Bizet, Miss Dando; "Berceuse" by Chopin and "Humoresque" by Grieg, Miss Kerr; "A Little China Figure" by Leoni, and "Carmena" by H. Lane Tilson, Miss Dando.

"Reflections in the Water" by Debussy, and "Little White Donkey" by Ibert were played by Miss Kerr. Concluding the program Miss Fentress played "Gipsy Airs" by Sarasate, "The Bee" by Francois Schubert, "Drink to Me Only With Thine Eyes" arranged by Scott, and "Stormy Weather" arranged by Rubinoff.

The accompanists were Mrs. Elizabeth Monk and Miss Dando.

Experience is Proving To Be A Valuable Teacher for Bearcats

A year ago the Bearcats suffered a one-touch-down defeat at the hands of the Midland Warriors. Last Friday night the Bearcats completely out-classed a Midland team that is rated by their followers as a better football machine than the 1937 aggregation. What is it that has caused such a reversal of form?

The Maryville club is almost identically the same team to the man that played most of last year. Of course there are a number of good freshmen prospects but they have not played a major part in either of the local's victories. So the reversal isn't due to the fact that some star has come along to furnish the necessary spark.

Defensively this year's club seems to have no edge over the eleven that performed on the field last season. In yards gained from scrimmage there is not a great difference. No brilliant passing attack has yet been manifested. Then why can the 1938 Bearcats get three touchdowns when they could not get one a year ago?

The only answer seems to be experience. A year ago the local footballers lacked seasoning. They would go "great guns" between the twenty-yard lines only to bog down when "pay dirt" was close at hand. A hard earned tally would be nullified by a poorly placed pass. Over-eager freshmen would jump off-side just when yards were needed, or a fumble would terminate a long march down the field.

But now it is a different story. We see a polished machine that can not only gain in midfield but is equally at home near the goal line. So it looks as if we will have to mark the 1937 football season up to experience and put 1938 on the record.—W. E.

Healthy, Wealthy, and Wise Should be Our National Slogan

Someone said not so long ago that the improvement of the health of our people would increase the economic wealth of the Nation and consequently their ability to have, to produce, and to enjoy. The truth of such a statement is indisputable.

According to reliable statistics compiled by the Julius Rosenwald Fund there are about one hundred million cases of sickness among the people of the United States every year.

Some of these are serious, some are trivial. Altogether they cause not only suffering, but also a billion-dollar loss of wages, and require about three and a half billion dollars for the costs of care.

An improvement in the health of the Nation would reduce that loss of a billion dollars in wages considerably, as well as the costs of care, thereby increasing the economic wealth of the Nation, not only by the saved wages but by the increase in production that the healthy workers will make. In regard to the idea that improved health will bring enjoyment, we can safely say that no one who has ever been seriously sick will dispute its truth.

An indication as to how our national health might be improved is given in the old adage, "An ounce of prevention is worth a pound of cure." Only one dollar in every thirty goes to public health work for the prevention of disease. The other twenty-nine dollars are spent in trying to cure it. If a large proportion were spent for prevention the total amount needed would be reduced materially. If each person used the doctor's services to prevent sickness he would seldom need to use those services to cure it.—J. G.

From the Dean . . .

"The object of education is understanding, and the possession of understanding is happiness." These words from the president of one of our great universities seem to me to be significant to us at the Northwest Missouri State Teachers College because we are a vital factor in the public school system of Missouri which is committed to the education of the boys and girls of the state. Our responsibility to these boys and girls is to prepare teachers who will be sympathetic, kind, and considerate of the problems of young people, but who will also be well educated themselves and capable of leading these young people along the highways of learning to a better understanding of the problems which they must face.

The young men and women who make up our student body have a responsibility equally as great as that of the college. The State has made possible the bringing together on our campus a capable faculty willing to help young people learn, but the learning is an individual matter. Do you students want an education? Do you desire the happiness that comes with understanding? I believe you do or you would not be here, but you must make an earnest effort to learn. Do not stop with a hurried skimming of the assignment, but ponder over it and read beyond it. Each day's lessons should present problems to you that you alone can solve by study. You may be able "to get by" with little effort, but you are not securing all that is here for you if you do. You may see others succeed and call it good luck and bewail your own condition, but why not put forth the mental effort necessary on your part to command recognition? You CAN if you WILL. The course is difficult, you say. What of it? You are capable of overcoming any difficulty if you try. And with success will come greater happiness for YOU.

The Northwest Missouri Teachers Association meeting being held on our campus next week-end is an unusual opportunity for our students to manifest their interest in the profession of teaching. Contacts can be made which will be of lasting benefit both to the individual and the profession because it is through organizations like this one that future teachers may work together effectively for their common good.

I am sure that the faculty will be glad to co-operate with the request of the Student Senate that classes be dismissed promptly at the end of the hour. I sincerely trust that the students will be equally cooperative in being on time at the beginning of the hour.

CAMPUS CAMERA

Round the Campus

As I write these words of wisdom today, the memory of last night's pep rally is still fresh in my mind. I think we should have more and better, bigger and noisier, more frequent and elaborate pep rallies. There's something about a good pep rally that makes everyone feel better, perhaps it's the let-down from normal routine and the opportunity of being utterly irresponsible for a little while. It's good for the animal in us.

I was glad to see the fine spirit in which the student body received the Senior Assembly the other day. Personally, I think it's a fine thing, and I should like to see it become a yearly occurrence. The more traditions we can have to live up to, the better we shall be, and the more loyalty we shall display for our school.

Organizations are stepping up in many of the departments and promise to make this year more interesting than last as far as variety and interest in the departments is concerned. The music department has been more in the public eye than any other department in school, and it has also been representatives from the music department that have been sent out to surrounding high schools in the spring. Of course they've done a grand job of it, but I'd like to see the Speech department, and some other departmental organizations get a little more of the limelight, both in assemblies and in special events. In one of my earlier columns I said that the assemblies were for the purpose of acquainting the student body with the work of departments other than their own, and that is why every departmental organization should try to arrange a little of the glorious limelight for themselves and for the school.

Chaucer Speaks

From the early Egyptian times when mummifying was common, within one family this precious art had been kept by passing it from one generation to another.

At the time of Chaucer's death this art of embalming had been lost to the Egyptians, with the exception of one descendant of the above-mentioned family.

When Chaucer died this Egyptian offered his services in order the preserve the body of this great writer.

Since I am a scientist, I became interested in attempting to restore life to Chaucer's mummified body. After thirteen years of continuous

Stuff 'N' Stuff

By Helen J. Reed

Well, now that school is in full sway let's all be octopuses and hope for the best. One of the most intellectual spots of this college is the Chemistry department. Yesterday a group of unusually brilliant students informed me of the fact that the difference between air and water is that water can be made wetter, but air cannot. I didn't know whether they were right or not so I asked an upper class man who is a Chemistry major. He said he didn't know anything about air but that water was composed of two gases: Oxygen and Hydrogen. Oxygen is pure gin, hydrogen is gin and water. Maybe some of you dear readers have had enough

English to have heard of Modern American, "stream of consciousness" writing, well, this article is a "stream of Unconsciousness". Now in case any of you didn't get that gag about the octopus in the first sentence, say optimist real fast and then say octopus and maybe you'll catch on, but don't ride too far. That last phrase was sort of an antidote. You know, an antidote is a funny story that you have heard before. By the way there's a football game tonight. I sure do hope they have more than one refugee to keep order. To get back to the subject of school. Two English students had such an argument in the library the other evening that one of the librarians had to act as a silencer. I thought I must be missing something so I

went over to their table and discovered that a heated debate had taken place over whether a metaphor was a suppressed smile or a thing you shout through. Me, I knew a metaphor was a kind of dog so I moved up to the next table where they were studying something more interesting. Biological Science. Here I made the outstanding discovery that digestion is carried on in the stomach by the aid of acrobatic juices. That reminds me, according to the latest reports of the American Medical Association, Typhoid fever can be cured by fascination. One of the more advanced students of Comparative Anatomy wrote on his first exam paper: "The cat is a quadruped, the legs as usual, being at the four corners." Must have been an undomesticated cat. Speaking of cats, some freshman lost

The Stroller . . .

The balmy fall weather seems to have gone to the Stroller's head. He wants to go golfing; he wants to play hooky; she wishes she had a fraternity pin; he has a keen desire to write a poem about his ideal girl. On second thought she realizes that the editor has given him permission to put anything she wishes in this column; this is hardly fair he thinks. Some other fellow might want to describe his own ideal girl—or some girl, even, might want to break into rhapsodies about her ideal man. So what.

Overheard:
Junior girl: "Rex Steffey's dancing reminds me of a Chinese opium den."
Senior boy: "Meanin' what?"
Junior girl: "Full of Hops!"

After seeing the many cute little caps the freshman are now wearing, I am wondering who holds them on. Could it be the vacuum pressure—Eh! "Sis" Bernau.

From all appearances Helen Crouch and Dick Anthony do not believe in the old story that two is a couple—three a crowd.

"Strip tease" Green, is rushing a cute "Red head," Mary Gardner.

The stroller had a grand field day on "Walk-Out" but much of the juicy gossip will have to wait until later.

And I have just received the nomination of Caton "The Champ" Lake as number one Gigolo of the campus.

Friend Fred E. Davidson snapped some good pictures too but by dinner time, he forgot that he even had a camera and so he joined the freshman class.

Dick Dempsey, "tall, dark, and combed (this year)" announces that unless his harem treats him better he is going to join the Foreign Legion.

I should tell you about "Pinkie Dinkle" Johnson but I'd rather just mention that cute Gal, De Lore Hunter. Cigar?

Swell "Walk-Out" dance and if you think Dick Davis can't swing 'em, just drop around and watch him some time.

Marjorie Stone enjoyed her boat ride on the Country Club lake Saturday night, but she might have enjoyed it more had there been an oarsman. At any rate Marjorie would have appreciated a few oars.

About the College

After Reading All About the marching band in one of the big front page stories of last week an expectant student body went to a quite successful football game. And the band certainly did not disappoint the students. Congratulations to director, Mr. John W. Geiger, to the members of the band, for an excellent performance. And the didn't falter once when the lights went out but kept right on with the demonstration. The fun who turned on their ear lights made the remainder of the band's debut unique. The assistant drum majors, through they couldn't match the major's outfit, gave a very good exhibition of baton twirling deserving of a good hand.

The Green and White Peppers gave a good stunt. Some of the students complained that they couldn't "catch on." But it didn't take long for the stunt to become quite a picturesque sight with the leader, little "Red Riding Cape" cavorting around.

The Green Caps were somewhat in evidence at the game and what few "buttoning demonstrations" were given seemed on the whole, poorly executed. With freshman women wearing the caps the freshman class becomes quite noticeable on the campus.

Editorial handshake and backslap for freshmen from "The Antelope," Kearney, Nebraska Teachers Paper — "Welcome, But Wipe Your Feet!"

his Composition papers and I found them. Most of the sentences that had been composed should have been decomposed but his unique use of the word "posterity" will bear repetition: "The cat leaped about and then sat on its posterity." Not to change the subject but you join the Band don't play the Bass. Yesterday my shoulder was sore that one of the girls advised me to use a shoulder-pad the next time we marched. "You know, you could get one of these rubber spacers that is round at the ends and square at the corners." I've been looking all over town for one. When the Band marches on the gridiron we feel like we were lost in the wildest of Africa the way the mosquitoes bite. That's all. (All apologies to those who made the boners.)

Homecoming Dance In West Library To Be Social Highlight Next Week

Old Grads to Join With Students And Faculty in Annual Affair

Homecoming for all former students and graduates of the College will be held on October 13 and 14.

A dance and reception will be held from 9:30 to 12:00 Thursday evening in the College library to which all students and faculty members as well as all teachers attending the teachers meeting are invited.

The dancing will take place in the West Library to the music of the College dance orchestra. At the same time bridge, Chinese checkers and other games will be played in the East Library.

The following chaperons have been invited: Dean and Mrs. J. W. Jones; Mr. C. E. Wells, librarian; and Mrs. Wells; Dr. Margaret Ruth Smith, director of personnel for women; Miss Dorothy Truex, assistant director of personnel for women; and Miss Catherine Dando, of the music department of the College.

Honor guests who have been invited are President and Mrs. Uel W. Lamkin; Senator Josh Lee, United States senator from Oklahoma; Mr. Lloyd W. King, state superintendent of schools; Mr. W. F. Knox, president of the Missouri State Teachers Association; and Mr. C. K. Thompson, president of the Northwest Missouri Teachers Association.

The admission for the dance will be twenty-five cents per person. A check room will be provided and the book store will be opened for refreshments during the dance.

The final feature of homecoming will be the football game between the Maryville Bearcats and the Rolla Miners which will be played at the College athletic field Friday evening at eight o'clock.

After the game the Sigma Mu social fraternity of the College will have open house at their fraternity house at 322 West Seventh street.

Mildred Myers, Don Francis to Wed

Rev. and Mrs. Stephen I. Myers of St. Joseph have announced the engagement and approaching marriage of their daughter, Mildred Gladys, to William Donald Francis, son of Mrs. Muriel Grace Francis, of R. C. Francis of St. Joseph. The marriage will take place this month at the King Hill Baptist church, with the bride's father, who is pastor of the church, performing the ceremony.

Miss Myers is a graduate of Benton high school and St. Joseph College. She received the B. S. degree in Education from the College in 1936, and for the past two years has been teaching commerce in Denton, Kans., high school.

Don Francis was also graduated from Benton high school and St. Joseph Junior College. He received the B. S. degree in Education from the College here in 1937 and taught one year at Skidmore. While in College, Francis was prominent

Former Student Weds San Francisco Man

The marriage of Miss Loyce Miller, daughter of Mr. and Mrs. Ralph Miller of Graham, to Jerry Washburn, San Francisco, Calif., took place Monday, Aug. 29, at the home of Rev. L. A. Foster, pastor of the Maryville Baptist church, who read the service. Mr. and Mrs. Washburn visited in Graham until Sept. 2, when they left for San Francisco, where they are at home.

Mrs. Washburn is a graduate of the Graham high school and for one year attended the College here. For the past four years she has been employed in San Francisco.

Geraldine Bird Is Named President Of Holt House

College women living at Mrs. Arletta Holt's house gathered in the parlor last Thursday evening and organized for the coming year. Officers elected were as follows: Geraldine Bird, Shenandoah, Ia., junior in the College, house president; Marjorie McAllister, Farragut, Ia., vice-president; Margaret Kyle, Graham, secretary; Florence Abarr, Mt. Airy, Ia., treasurer; and Effie Underwood, Coffey, reporter. The new president appointed social committees to be active at parties that have been planned for the year.

Several business matters were discussed and the meeting was adjourned for a social hour. Missouri women welcomed the Iowa women with an appropriate song, to which Iowa women responded with the "Iowa Corn Song." Several members contributed to the evening's entertainment by presenting readings and imitations of famous characters.

Mrs. Holt invited the members into the dining room where the table was decorated with tiny lamps and a center piece of white clamshells and fern sprays.

Other women in the house are Mary Margaret Grantham, Ravenwood; Mary E. Johnson, Ravenwood; Ruth Martin, Mound City; Lula Mae Jennings, Stanberry; Helen Lewis, Ravenwood; Helen Gorsuch, Guilford; Phyllis Little, Blanchard, Ia.; Mary Anderson, Blanchard, Ia.

Lillian R. Nelson, B. S., A. B. Holder, Marries In Detroit

Miss Lillian Ruth Nelson, daughter of Mr. and Mrs. Soren C. Nelson of Bolckow, and Lloyd Leroy Hadley, of Chicago, were married the evening of August 25 at the Central church in Detroit. Rev. David E. Dowker read the double ring ceremony.

Wearing a wedding gown of white slipper satin and a long lace veil trimmed with pearls, the bride carried a bouquet of white roses and lilies of the valley.

Lohengrin and Mendelssohn wedding marches were played by Mrs. Mona Knight, and Herbert Lively sang, "At Dawning," "Because," and "I Love You Truly." Ferns, palms and varieties of flowers decorated the church.

After a honeymoon at Detroit, Mr. and Mrs. Hadley are at home at 1838 South Eighteenth Ave., Maywood, Ill.

Mrs. Hadley received both the B. S. and A. B. degrees from the College, and the M. A. degree from Columbia university at New York. She also took graduate work at the University of Colorado in Boulder and at the University of Chicago, as well as special work at the Art Institute of Chicago and Horner Institute in Kansas City. After having taught Latin in the Carl Schurz high school and English in the Carl Schurz Evening school in Chicago for seven years, Mrs. Hadley has taught Latin and English in the new Steinmetz high school in Chicago for the past three years.

The bridegroom is engaged as a confidential advisor to one of the vice-presidents of the Crane company. He attended Beloit college in Beloit, Wis., before taking up social welfare work at the state capitol in Madison, Wis.

College Women Are A.A.U.W. Chairmen

Four women members of the College faculty have been chosen committee chairmen of the American Association of University Women's Maryville chapter. Miss Frances Holaday, president of the local branch, recently made the appointments. Miss Chloe Millikan is chairman of the group's program committee, Miss Minnie B. James of the international relations committee, Miss Dora B. Smith of the education committee, and Miss Carrie Hopkins of the art committee.

The first fall meeting of the branch will be held Tuesday Sept. 27.

Max Kirkbride, a former student of the College, has accepted an appointment as a second lieutenant in the Infantry reserves. It has been announced by the War Department.

Students to Meet Faculty on Social Basis October 20

Separate Receptions For Upperclassmen, Frosh to Be Held

Students in the College will soon have the opportunity to meet and talk to their instructors in a social manner, for the annual reception will be held from 8 to 9 o'clock, Thursday, October 20, at Residence Hall. It was announced this week by Dr. Margaret Ruth Smith, director of personnel for women.

The manner in which the reception will be held this year will be different than at any time previous. October 20 will be only for seniors, juniors and sophomores, but the faculty will receive freshmen at a reception in January or February.

The reason for the change, Dr. Smith said, is that the crowd was too large to accomplish the purpose of the receptions, namely, to bring students into closer relationship with the instructors. Previously, the entire student body attended the receptions.

Faculty members are usually guests at social affairs, but on occasions such as these, they play hosts and hostesses to the students.

A special feature of entertainment at the affair October 20 will be announced at a later date, Dr. Smith said.

Name Council Members From Unorganized Houses

Varsity Villagers Council members from unorganized houses were elected at a special meeting of women from such houses Tuesday afternoon in Recreation Hall. The representatives elected were:

Rosalie Aldridge, Pattonburg; Crystal Cooper, Sheridan; La Donna Switzer, Grant City.

The Social Committee for the Villagers was also chosen at the meeting by Marjorie Fisher, Maryville, vice-president and social chairman. Members of the committee are Ada Burch, Ravenwood; Marcia Tyson, Skidmore; Flossie Troxel, Craig.

Mehus Names AAUP Committees For Year

Dr. O. Myking Mehus, President of the local chapter of the American Association of University Professors, announces the following committee for the coming year:

Dr. O. Myking Mehus is president of the Maryville chapter of the American Association of University Professors. It was announced here this week. Other officers, members of the College faculty, include Mr. M. W. Wilson, vice-president; Dr. Blanche H. Dow, treasurer; and Miss Minnie B. James, secretary.

Program Committee: Miss Mattie Dykes, Mr. M. W. Wilson, Dr. Henry A. Foster, Dr. Blanche Dow, and Mr. Norvel Saylor.

Selection of Honorees for Spring Banquet: Miss Olive DeLuce, Mr. H. T. Phillips, Mr. J. W. Hake, and Mr. A. J. Caulfield.

Committee to Make a Study of Teacher Tenure: Mr. W. T. Garrett, Dr. H. G. Dilline and Mr. H. R. Dieterich.

Time and Place of Meetings: Mr. Sterling Surrey, Mr. Kenneth B. Simons, Miss Chloe Millikan and Dr. Frank Horsfall.

Membership: Mr. L. G. Somerville, Mr. R. T. Wright, Miss Mary Fisher, Mr. C. E. Wells and Mr. Hubert Garrett.

Committee to Help Elect Miss Dow as Member of the National Council: Dr. Ruth Lowery, Mr. A. H. Cooper and Miss Minnie B. James.

Men Students May Use Recreation Hall

Men students, as well as women, in the College are invited to use Recreation Hall, room 208, it was announced this week by Dr. Margaret Ruth Smith, director of personnel for women. The room was formerly used as a women's recreation room, but is now open to both men and women for use as a social hall for study and for rest.

Fraternities and Sororities to Hold All-Greek Dance

College Orchestra To Furnish Music On October 21

Sigma Sigma Sigma and Alpha Sigma Alpha sororities, Sigma Tau Gamma and Sigma Mu Delta fraternities, will sponsor a formal Greek letter dance Friday, October 21, in the West library from 9 to 12:30 o'clock. The College dance band will furnish the music.

The Greek Letter Dance is given each fall by sororities and fraternities in honor of their pledges.

Arrangements will be under the general supervision of the social chairmen of the respective organizations. Caton Lake, social chairman of Sigma Tau Gamma, will act as financial supervisor and head the orchestra and chaperon committee composed of Jean Martine, Lowell Jones, Robert Mitchell and Iris Ebersole.

Marjorie Perry, social chairman of Alpha Sigma Alpha, will be chairman of the decoration committee composed of Virginia Page, Mary Jane Newlon, Bill McCurdy, and Jim Powell.

Freddy Davidson, social chairman of Sigma Mu Delta, will have charge of the program committee. Other members of the committee are Doris Dee Hiles, Jim Wells, Bill Maloy, and Bernice Owens.

Marjorie Powell, social chairman of Sigma Sigma, will head the invitation committee on which Henry Turner, Dorothea Gates, Lloyd Oliver and Rose Mae Fink will serve.

Sigma Taus to Sponsor Nickelodeon Dance

Theta Chapter of Sigma Tau Gamma will have a Nickelodeon Dance Saturday, October 8, from 9 to 12 o'clock at the Country Club. Chaperons for the dance will be Mr. and Mrs. R. E. Baldwin and Mr. and Mrs. R. T. Wright.

Many Attend Sigma Tau Open House

Sigma Tau Gamma, fraternity, held open house Friday, September 30, after the football game. Cider and doughnuts were served to the guests.

Chaperons were Dr. Margaret Ruth Smith, director of personnel for women; Miss Dorothy Truex, assistant director of personnel for women; and Mr. Roy Ferguson, Sigma Tau Gamma sponsor.

The guests were Dr. Anna Painter, Mr. Hubert Garrett, Dr. J. W. Jones, Mr. Paschal Monk, Mr. Hugh Wales, Miss Winkle Ann Carruth, Mr. Bert Cooper and Miss Day Weems.

Sigma Mus to Hold Open House Friday

Sigma Mu Delta, fraternity, will hold Open House, Friday, October 14, following the Rolla-Maryville football game, from 10 to 12 o'clock. Fred Davidson, social chairman of Sigma Mu Delta, is in charge of arrangements.

Mr. and Mrs. Herbert Dieterich and Mr. and Mrs. W. T. Garrett, of the College faculty, will act as chaperones.

Hall Lights

Again "Residence Hall" is filled with College women from far and near. Getting personal, your editor can readily say that it isn't necessary to come even a hundred miles from home to experience home sickness. If bravery could be measured in miles, certainly Leni Alano, Jeanie Benitez, and Gloria Santos, all from the Philippine Islands; and Jean Martine, Indiana; Elizabeth Wilson, Michigan; Mary Frances Morrel, Ohio; and Betty Harazin,

Louisiana, should all receive gold medals.

Jeannie Benitez and Lenora T. Alano spent the week end with Harriett and Dorothy Lasell at their home in Maitland.

Miss Clara Ellen Wolf, Grant City, visited Margaret McLaughlin last week.

Seventy one girls enjoyed a game party last Tuesday night in the Solarium. Bingo, pick-up-sticks and jacks were played. Frances Kueker led group singing. Apples were served to those present at 11:45. Leni Alano was in charge of the party.

Miss Sue Brown who is teaching at Tarkio, visited Emma Lee Vance last week-end.

Mable Bradley who is teaching in Tingley, Iowa, spent last week-end with Mary Turner.

Miss Maxine McCarthy, Elmo, spent Saturday afternoon with Dorothy Gates.

Bearcats Leave Campus to Meet Nebraska Wesleyan

Locals to Encounter Lincoln Team Tonight for First Time

Tonight the Bearcats journey to Lincoln, Neb., to meet the Nebraska Wesleyan gridders. This will be the first contest between these two squads, so past history cannot be counted on for a prophecy of the results of the game.

Little is known of the power of the Wesleyan boys but it is believed that they will have a formidable eleven. And the Bearcats are preparing for a battle, with no view of having an easy time of it.

The Bearcat squad has been rather beset by injuries in the past week, several boys having been declared unable to play in tonight's game.

Co-Captain Ed Molitoris was released from the hospital only Wednesday and is still recuperating from a painful knee injury received in last week's game with Midland. Ed will be hard to do without at tackle.

Irvine in Hospital
Harry Irvine, also a veteran tackle, is still in the hospital. Harry has a bad ankle which was hurt early in the season and has now become infected with boils.

The backfield was also hit hard by the injury jinx during the past week. In practice this week, Bud Woods received a broken foot, and

RYLAND MILNER

Leland Vogel suffered a recurrence of an ankle injury received earlier in the season. Both boys will probably be lost to the squad for some time. Stub Wilhelm, hard hitting blocking back, was the recipient of a knee injury in the Midland game and probably will have to miss tonight's encounter also.

One cheerful note among the many doleful ones, however, was the return of big Andy Kruse, dependable pivot man. Andy was called out of town Monday and it was feared he would not get back in time. He made it back yesterday, however, and will be in there scrapping it up tonight with the rest of the Bearcats.

Bearcat B Team Defeats Red Oak Independents

Harry Darr Leads Seconds' Drives To Touchdowns

The Bearcat B team swarmed all over the College field Tuesday night to defeat the Red Oak All-Stars 20 to 0.

Little Harry "Deacon" Darr of Bethany circled the Red Oak ends for long rains and Raymond Curtiss of Ridgeway was adept at receiving forward passes to put the Bearcats in position to score three touchdowns.

By the aerial route the B team completed four passes for gains of more than seventy yards, one pass being good for a touchdown and another for 20 yards put the ball on the Red Oak 2-yard line.

The Red Oak Independents, an hour late in arriving, had barely enough men on the field to start the game, but replacements arrived after the game started. The Bearcat line repulsed all the Red Oak power plays, except on one occasion. Of the three first downs the visitors made, two were by forward passes.

Get Early Touchdown

The Bearcat's didn't take long in securing their first touchdown. After kicking off to Red Oak, Lisle recovered a Red Oak fumble on the 30 stripe. Chapman completed two passes to Little "Deacon" Darr. The first pass put the ball on the 15-yard line. With fourth down and 7 yards to go on the 12 line, Darr received a pass over the right side of the line across the goal. Vogel place kicked to convert the extra point.

The B team put on a sustained drive to score its second touchdown just before the half ended. After exchanging punts, Darr returned a Red Oak punt to the Red Oak 43 line. From that point the Bearcats second team drove on to a touchdown. The Bearcats tore through the line to the 24 marker. Curtiss then went a round end to the 10-yard line. The Bearcats were penalized 15 yards. Retall passed to Curtiss on the 2-yard line at the extreme southeast corner of the field. Retall went

College High to Meet Fairfax Six Man Team Today

Six man football makes its debut in Maryville this afternoon when the College High Cubs encounter the Fairfax sextette on the College field at 2:30 today.

Coached by Everett Richards, Bearcat center last year, the Cubs have spent the past week ironing out difficulties in passing and fundamentals and are now in the pink of condition to meet Fairfax. Although Fairfax lost her first game to Westboro by the lop-sided score of 33-0, they are by no means a setup.

In their own season opened at Forest City last Friday, the Cubs emerged with an auspicious 12-6 victory. Featuring nice running by Billy Hosher, as well as fine kicking and passing on the part of Hershel Bryant the College High boys exhibited a scrappy outfit with plenty of power and deception.

The Cubs also gave evidence of defensive power, with Garrett in the backfield, and Broderick and Schill in the line, especially standing out. Several other Cubs made a good showing, and it is evident that although only six men compose the team there will be plenty of reserve strength if needed.

No admission price will be charged for the game.

Tennis Tourney Gets Under Way This Week

The annual mixed-doubles tennis tournament is being played. As this issue goes to press, three games have been played. Campbell-Wray defeated Shroot-Madgett while Shultz-Beck were defeated by Hantze-Hamilton. Powers-Alano overpowered Allen-Masters. Other games scheduled are: Stringer-Vance versus V. Ramey - A. Ramey, Carruth-Surrey versus Morrow-Ebersele, and Saylor-D. Smith versus Denney-Baker.

O'Neillian's Present 'A Pair of Lunatics'

The O'Neillian club is featuring "A Pair of Lunatics," a one-act comedy, at their regular meeting, next Tuesday evening, at 7:30 o'clock in the College auditorium.

"A Pair of Lunatics," being a London success will be produced by Stewart Queen and Betty Hatfield, the only characters. This promises to be the outstanding feature of the evening but there will also be several monologues as well as test reading of famous Broadway plays. These tests are being made to discover individual talent in the organization.

Members are urged to attend, bringing new members and friends. Anyone interested is invited regardless of membership for the meeting will be a little glimpse of Hollywood in action.

To Colorado Job

Justin O. King, Cameron, a graduate of the College in the class of 1937 and former sports editor of The Northwest Missourian, left the latter part of August for Oak Creek, Colo., where he will teach mathematics and assist in coaching at the high school there. He was employed last year at Deloris, Colo., high school. During the summer he has been a life guard at the Cameron swimming pool.

Bearcat Claws . . .

by ken lawson

Another one for the Bearcats, as a result of the 20-7 drubbing the boys in green and white handed to the Midland Warriors last Friday night. Keep it up Bearcats—

Johnny Green played a bang-up ball game Friday night. For one so big he seemed to be in a lot of places at once. Recovering two Midland fumbles he set the stage for a brace of the Bearcats touchdowns.

At its first appearance before the student body last Friday night, the marching band convinced us that it would be a definite asset to the school. The band, besides being entertaining, is one of the most effective pep units we have. Orbits to you, Mr. Geiger—

Not much is known of the power of the opposition the Bearcats will have tonight, as no reports of any detail have reached us. But we would be bold enough to say they had better have a good team or it won't be a good ball game.

When Andy Kruse received his injury Friday night, Coach Milner immediately put in a sub-

stitute for him, but big Andy didn't seem to want to come out of the ball game at all. That's the kind of spirit that makes the Bearcats a winning club.

In the game Friday night one unusual play was executed; Kurtright passed to Baker for what would have been eleven yards and a first down on Midland's twenty-one yard line, but before Baker had hardly caught the ball it was snatched from his hands by one of the Midland players. The player, didn't get far before he was smeared by a veritable swarm of Bearcats.

The "B" squad game against the Red Oak Independents, which incidentally was won by Maryville 20-0, was marked by several injuries to Maryville boys. One of the more serious injuries was sustained by Leland Vogel, freshman, who suffered a recurrence of an ankle injury. He was taken to the hospital Wednesday morning for an X-ray.

Starting next week I am going to take my life in my hands and start picking winners in the MIAA games each week. Or should I say attempt to pick the winners?

Bearcats Defeat Midland College By Score of 20-7 Last Week

Locals Continue Powerhouse Tactics To Down Fast Fremont, Neb., Eleven

Continuing the powerhouse tactics with which they swamped Peru a week previously, Maryville's Bearcats crushed the Midland Warriors 20-7 to walk off with the first home game of the season last Friday night.

Outclassed by the rugged Bearcats, the Warriors were never a serious threat. Their lone touchdown came on a freak play early in the first quarter when the Bearcats seemed to be headed for a certain score.

Maryville received the opening kickoff and, with Pele and Bernau carrying the pigskin, moved down the field for a first down on the Midland 18 yard line. On the next play, a hard tackle sent the ball flying from halfback Bernau's arms on the 15 yard line, and Jerry Green, Midland star back, picked it out of the air to race 85 yards for the first touchdown of the ball game.

This break served only to arouse the Bearcats all the more. Taking the kickoff on his own 20 yard stripe, Walker, Maryville end, returned over Miller's head for a 17 yard net to the 40 before being downed. Pele, Bernau, and McLaughlin shortly before the half.

Score Tied at Half
Starting the second half with the four plays. On the next play, Bernau score still deadlocked, the Bearcats atoned for his costly fumble by were not long in forging ahead. Soon plunging over for the touchdown, after Pele kicked off, co-captain Ed Pele kicked the extra point to knot Molitoris recovered a Midland fumble

on the 40 yard line to set the stage for a speedy touchdown. Bernau picked up 10 yards for a first down then raced 30 yards to score on the next play. Pele converted and Maryville was out in front, 14-7.

The Bearcats' third counter was not such an easy matter. Though the remainder of the game was played almost entirely in Midland territory, the Bearcats had a hard time striking pay dirt again. Bernau reeled off a 21 yard gain for first down on Midland's 21 yard line, but a 15 yard loss on a bad lateral. A forward pass for touchdown on the next play was ruled illegal, and Maryville surrendered the ball on Midland's 15 yard marker.

Epidemic of Penalties
The Fremont boys were unable to crack the Bearcats defense, getting only two yards in two tries, and were forced to kick. At this point, an epidemic of penalties set in. Maryville lost five yards for too much time out. Midland got an off-side penalty, and within the next few plays, both sides were penalized fifteen yards each for roughing.

Joe Kurtright completed a pass to Baker, but a Midland player stole the ball to again frustrate a Bearcat score. The Warriors were still unable to get their offense going, however, and were forced to kick.

This time the Bearcats were not to be denied. Despite a pair of incomplete passes they drove down the field with a fine series of running plays for a first down on the four yard line. Paxson picked up three yards and Joe Kurtright plunged over on the next play for the score. Joe's kick from placement was wide, and the score remained 20-7, as the game a moment later with Vogel's interception of a Midland pass on the 45-yard line.

Hitchcock, Manley, Tabor, Gickling To Golf Quarter-Finals

"Four." This is the cry you will hear if you happen to be on the golf course within the next few days.

The annual golf tournament is being run off at the Country Club where fifteen College students are playing to see who will be the "champ".

Those who have advanced to the quarter-finals are: James Hitchcock, Jim Manley, John Tabor, Eddie Gickling and Louis Strader.

The first round losers will play in a consolation tournament.

Dope Hard to Get on How Teams Will Finish in MIAA Conference

Missourian Sports Writer Presents Resume of Conditions in Various Camps

By CHARLES CURRY

Dope on what the final standings of the MIAA teams will be is scarce and hard to get. As yet the various schools have played teams from scattered sections of the country so no good comparisons can be stated. All that one can do is to review a brief resume of the conditions of the various teams.

Rolla, picked by Coach Ryland Milner of the Bearcats, has most of her men left from last year's team and has a large number of promising freshmen. Coach Bullman has said little but he seems to think that his team has a good chance.

Maryville, placed equal to Rolla by Coach Stuber of Cape Girardeau, has twenty lettermen and a string of good freshmen to help out. The Bearcats have won their first two games with ease and dexterity and expect little trouble with their third rival. The team morale is the best in years and it looks as if they might have a good chance.

The Springfield Bears have a number of lettermen saved from last year's wreckage but prospects are not very bright in that camp. Their new coach, Red Blare may build up a surprise team and get somewhere in the race this year.

Uses Minnesota Plays
Kirksville is trying out a new coach using the Minnesota type of play. Two-fifths of their squad of fifteen are freshmen, six of whom have never played before. Kirksville may not be a title contender, but they are a foe to be reckoned with.

Warrensburg, runners-up last year can be counted on to give a good account of themselves this year. Her coach Carl Volman can turn out good teams. The Mules suffered a surprise one point defeat at the hands of Tarkio, then, in a forty point surprise game won over Salina, Kansas. In that game they lost the services of Carroll King, sophomore guard when he suffered a broken leg.

The loop race will be an interesting one and the outcome probably won't be decided until the last game of the season.

instantly about his work.

In part Mr. Sawyer said: "We had eighty-one boys at our Central H-Y Monday evening. This is really too large to allow the boys themselves to initiate the program. That is really the big objective of a club. We have a small Junior H-Y in which the boys plan and carry out their own activities.

"No decision is ever made on any issue without giving the groups as a whole a chance to discuss it. If we could have a great number of clubs like this, we could develop a group consciousness, or a civic consciousness, that would affect a moral revolution in the next generation of Kansas City's people.

Group of Educators in This Section To Convene at 9 o'Clock Next Thursday Morning in Auditorium

The twenty-first annual meeting of the Northwest Missouri Teachers Association will begin at 9 o'clock Thursday morning, October 13, in the College auditorium, according to Bert Cooper, of the department of education in the Maryville State Teachers College, who is serving his twelfth year as secretary of the association.

C. K. Thompson, president of the association, will preside at the first general session.

Major W. H. Drane Lester, of the Federal Bureau of Investigation in the United States Department of Justice at Washington, D. C., will give the principal address on the subject, "Modern Trends in Criminology." He is scheduled to speak at 10:50.

Another speaker of the morning will be W. F. Knox, president of the Missouri State Teachers Association, whose subject will be "Our Unfinished Task." He will speak at 10:10.

At 9:35, Lloyd W. King, state superintendent of schools, will give an address, and at 9:15 Mr. Thompson will talk on "Progressive Teachers and Their Contribution to Education and the Future American."

Dr. W. S. Insley, pastor of the First Presbyterian church at Maryville, will give the invocation at the beginning session.

The Northwest Missouri State music will present a program of music. College conservatory of music will present a program preceding the speaking, directed by Paschal Monk, director of the music department.

At 1 o'clock Thursday afternoon, an arctic explorer and lecturer, Vilhjalmur Stefansson, will address the association on "New Frontiers of Peace and War." An address, "Little Schoolhouse of the Foothills," by Miss Ella Enslow, author and lecturer, will follow.

Miss Hattie Jones, first vice-president of the Northwest Missouri Teachers Association, will preside at the Thursday afternoon session.

Josh Lee to Speak
Josh Lee, United States senator from Oklahoma, will speak at 8:15 Thursday. Uel W. Lankin, president of the Northwest Missouri State Teachers College, will preside. Music by the Northwest Missouri high school orchestra, conducted by Paschal Monk, will precede the speech.

The second day's activities will begin at 8:45 Friday morning with another program of music by the orchestra. At 9:15 Dr. John Ruff, professor of education at the University of Missouri, will deliver an address. He has chosen for his subject, "New Challenges to Education." Francis Skalko of Gower will give a report of the committee on sociology at 10:15. Miss May Hare, rural school expert, will discuss "More Abundant Living for All Children" following the report.

Minister to Speak
At 11:15 the annual business meeting of the association will be held. D. Williams, second vice-president of the association, will preside over the Friday morning session.

The association Friday afternoon will hear Dr. Henry Hitt Crane, pastor of the Central Methodist Episcopal church at Detroit, speak on "Oil in the Lamps of Education." Beginning at 1 o'clock, there will be music by the College conservatory. Preceding the address, C. K. Thompson will introduce new association officers. Leonard Jones, third vice-president, will preside. Following the program, members will adjourn for departmental sessions.

The first departmental meeting will be a joint session of college and high school sections at 3 o'clock Thursday afternoon in Social Hall, with C. V. Stobaugh presiding. Other meetings at the same time Thursday afternoon will include the elementary section in the West library, the Arlene Hogan presiding, and the rural school section in the auditorium. Miss Emma Hartell presiding. These two sections will meet again Friday afternoon at 2:30 in same places.

Divisional Meetings

All members of the sorority must be majors or minors in home economics, and must have an above average scholastic record. Meetings are held the first and third Mondays of each month, the first being held for business reasons, and the second devoted to social activities.

Miss McGinness announced that the sorority will soon begin making sandwiches for the College book-store, as was the case last year.

MAJOR W. H. DRANE LESTER, of the Federal Bureau of Investigation, United States Department of Justice, who will address the teachers group here on "Modern Trends in Criminology" at 10:50 o'clock Thursday morning.

Walk Out Day

When the warm outdoors is calling, and the green is in the grass; When all nature's so inviting, It's a shame to sit in class. I can see the birds a-flying, Hear their song so glad to me; As I sit here a-sighing, Wishing I was half so free I'd love to be gone fishing. Or hiking through the wood, Instead of just here wishing. I knew my lesson good Of figures, facts, or famous men. The teacher talks away Then all at once a bugle blast— Why, boys, it's Walkout Day! —Bill Stringer

MAKING LIFE EASIER FOR COLLEGE UNDERGRADUATES

New York City—ACP—At least one U. S. college instructor is trying to make life easy for today's undergraduates.

It's Mrs. Florence C. Rose, director of remedial reading work at Smith College, who recently gave the following rules for fast reading to Columbia University students:

1. Don't pronounce the words you are reading either audibly or inaudibly.
2. Try to grasp the meaning from the printed word rather than from the sound of the word.
3. Read by phrases rather than word by word. Do not look at each word individually.
4. To skim, let your eyes zig-zag across the page, reading some of the words, not all of them, and slowing down on parts of special interest.
5. Read the topic sentences, the introductory and concluding paragraphs, and points in italics carefully. Skim the other sections.

Athletic Group To Elect Officers Next Thursday

Heads of High Schools, Coaches Urged to Attend

The annual meeting of the Northwest Missouri High School Athletic Association will be held at 4:30 Thursday afternoon in Social Hall. All superintendents, principals, and coaches are urged to attend.

Following a routine business meeting, election of officers will take place. The association will choose a member to the district board of control, to take the place of H. S. Thomas, superintendent of Maryville high school, whose term expires.

A representative will be elected from the northwest district to the state high school athletic association board of control. H. R. Dietrich, principal of the College high school, now holds that position, and has for the past seven years.

The officers of the association are: co-presidents, G. Fred Larson, principal at Oregon, and Paul Keith, superintendent of schools at Maryville; recording secretary, Raymond Houston, superintendent of schools at Parnell; corresponding secretary, H. R. Dietrich.

Other members of the district board of control are Ed Adams, superintendent at Forest City, whose term expires in 1939, and Vance Geiger, principal at Hopkins, whose term expires in 1940.

Schoolwomen to Dine Thursday Evening

A dinner for women administrators and women school board members will be held at 6 o'clock Thursday evening at the Christian church.

Reservations may be made through Miss Minnie B. James, secretary. Miss Dora B. Smith of the department of education in the College, will speak on "The Teachers Retirement Law."

Miss Jennie Langford, superintendent of schools in Clinton county, is president of the group.

The committees for the dinner are: publicity, Miss Katherine Franken and Miss Olive S. DeLuce; decorations, Miss Carrie Hopkins; ticket sale, Miss Katherine Helwig. The committees urge a large attendance.

St. Joseph Artist to Speak at Luncheon Here Next Thursday

Miss Ellen Morrison, director of art in St. Joseph public schools, will speak at an art luncheon at noon Thursday, October 13, at the Linville Hotel.

Undergraduates and alumni of the art department and anyone interested in art are invited. Reservations may be made through Miss Olive S. DeLuce, chairman of the department of fine arts in the College.

Miss Morrison has done outstanding work in art activities of St. Joseph where she is a member of the Art Society. She is a graduate of the University of Chicago and the College at Grinnell, Ia., and has traveled extensively abroad. She has written for several art publications.

Accommodations Are Made for Teachers

Ample housing accommodations will be available for all visiting teachers at the hotels, in private homes, and for a limited number at Residence Hall. Those who have made no reservations in advance, will receive help from the committee in charge at the College Wednesday evening, October 12, from 4 until 9 o'clock. Book Fines Should Be Paid Promptly

The attention of the student body is called to the fines assessed for library books that are held over time. For each day that a book is kept out past the due date, a fine of five cents per day is assessed. A list of students and the amount of their fines is posted on the Bulletin Board each morning. Students are given one day in which to pay the fine after which they are assessed five cents per day until the fine is paid. Fines should be paid in the office of the Business Manager, Room 202, immediately after being posted.

Director of Art Here Next Week

According to Miss Olive S. DeLuce, of the art department at the College, Miss Ellen Morrison, Director of Art for St. Joseph schools is one of the outstanding teachers who will be here during the District Teacher's Association.

Miss Morrison is a graduate of Grinnell College, Grinnell, Iowa and the University of Chicago. She has traveled abroad and written for a number of magazines. This month she has an article on art ideas in "Everyday Art." Miss Morrison has done outstanding work in art and has had much success in the direction and supervision of art.

Dr. Mehus Heads Sunday School Group

"The problem of crime is a problem of youth," declared Dr. O. Myking Mehus in an address made before the Nodaway county Sunday School Association at its annual meeting at the Maryville Christian church on Tuesday morning, Oct. 4.

Dr. Mehus was elected president of the association.

Dr. Mehus pointed out that some of the chief factors resulting in juvenile delinquency are extreme poverty, lack of wholesome recreation, and idleness.

"Today we know that there is no born criminal," he added. "A criminal is entirely a product of his social environment. One of our noted sociologists has said that if we could eliminate poverty we could eliminate seventy per cent of our crime."

two summers of advanced graduate work. Gladys Patton, B. S. 1924, was here also with Mrs. Parker. Miss Patton teaches Home Economics in the high school at Brookfield, Missouri.

A handbook for the Mound City High School has been published by the student council to provide for both students and parents general information pertaining to the practicalities necessary for maintaining an efficient school organization. The curriculum is described; the opportunities for classroom work and the various activities of the school are indicated. David P. Max, B. S. and A. B. 1926, is superintendent of the Mound City Public Schools.

Ruth Kramer, B. S. 1933 has received notice from the Guillem Publishing Company of Kansas City that her one-act play "Pages from Peggy's Notebook" has been released from publication. Miss Kramer, who is instructor in home economics at the Maryville high school, wrote the play last spring for presentation at an assembly program. The theme stressed the importance of personality and personal appearance in relation to social acceptability. To other plays written by Miss Kramer and promoting other angles of the study of home economics have been published by this company.

Teachers will be admitted to the general session upon presentation of their membership receipts; College students upon presentation of the activity tickets; wives or husbands of teachers may secure tickets free by registering at the booth. Teachers are requested to register at the desk in front of the College auditorium upon arrival.

McCartney Signs as Social Committee Head

Senate Asks Student Sentiment as to Mothers' Day

Designation of Lois McCartney, a senior in the College of Arts and Sciences, as chairman of the College Social Committee was accepted by the Student Senate in a special session last night. Miss McCartney, because of her outside activities, has been asked to look up too much of her time.

As a result of her resignation, the Senate has appointed a committee to study the problem. The committee is composed of Caton Lake and Gibson, both of St. Joseph. The members of the social committee, and one of them will be chosen by the student governing body next Tuesday evening. The three senior members will then be included on the list of those to be selected.

Takes Shock Out of Blocking

Tackle Dan Rhule of the University of Kansas wears something that looks like a cross between a housewife's apron and a mattress, but actually it is a shock absorber. It is designed to reduce the risk of injury in practice and allow the men to drill more vigorously. Officially known as blocking armor, the equipment is made of heavily-padded white duck. A strap that goes over the wearer's head fastens to the waist in back.

ent, E. E. Camp, principal of schools at Mound City, and S. D. Hooper, principal at Savannah, will accompany Mr. Croy to the meeting. Mr. Croy will take part in a panel discussion Friday evening following a dinner on the subject "What Student Activities Can Do for the Non-Academic Pupil."

At a luncheon Saturday, Mr. Croy will meet with a group to discuss the vital changes needed in subject matter in order to better serve the needs of students not planning to enter college. He has been assigned to three counties, Nodaway, Genette and Worth, for a study of secondary education. These local discussion groups were formed through a national plan to organize workers

OHIO STATE SUBSIDIZES STUDENT ORGANIZATIONS

Columbus, O.—(ACP)—After a years successful trial, Ohio State University will this year subsidize activities of student organizations under a plan novel in U. S. colleges and universities.

Five hundred dollars has been set aside to help student groups bring speakers to the campus, expand social activities, and carry out other organized projects. Administered by a dean and a committee of students the plan will encourage extra-curricular intellectual interests to students.

ular intellectual interests to students. Reference handbooks and library books were purchased by several organizations. The Pen and Brush club found it possible with this assistance to present a downtown exhibition of its work. Students in one department used their subsidy to secure a portrait of the department chairman and they plan to use their grants in succeeding years.
